## BATTALION OF MARINES DISPATCHED

To Peking From Manila—Situation in China Growing Serious—Missionaries Fleeing for Safety.

## POWERS WORKING IN UNISON.

Dowager Empress Seeks Protection With Russians—Troops on Way From Tien Tsin to Capital.

WASHINGTON, D. C., June 11.—The navy department has received the following cablegram from Admiral Kempff:

"TONG KU, June 11.

"Secretary of the Navy.

"In case all communication to Peking is cut, I will not be able to go alone; if other nations go, will go to relieve Americans, pending instructions. Situation serious. Battalion of marines from Manila has been urgently requested. Answer.

(Signed.) "KEMPFF."

Upon receipt of the above, Secretary Long sent the following cablegram to Admiral Remy at Manila:

"NAVY DEPARTMENT, June 11.

"Remy, Manila.

"Send by Solace immediately with all dispatch to Kempff, one hundred marines, arranging, if practicable, that after landing, the Solace shall continue homeward his voyage as previously ordered.

(Signed.) "LONG."

## EMPEROR SENDS A MESSAGE.

Wishes the Powers to Assume a Protectorate and Govern Through His Majesty.

LONDON, June 12.—The Shanghai correspondent of the Daily Express, telegraphing yesterday says:

"Weng Tung Ho, emperor Kwang Hsu's tutor and confidant, who was dismissed by the dowager empress after the coup d'etat in 1898, sends with the special sanction of the emperor and his party, including three viceroys, a message to the people of the west. In part it is as follows:

"His majesty is convinced, through amply trustworthy sources, that the loyal support of many scores of millions of the Chinese will be accorded to his proposals for putting an end to the state of anarchy brought about by the action of the empress Hsi Tsi.

Wishes to be Removed From Palace.

"The government of China being virtually non-existent, the emperor proposes that the foreign powers whose troops dominate the capital shall remove his imperial person from the palace in which his majesty is confined a prisoner, shall declare Empress Hsi Tsi and her present ministers to be usurpers and shall bring Emperor Kwang Hsu to Nan King. Wu Chang or Shanghai, whichever the said foreign powers deem to be the most suitable situation for the new capital of the new Chinese emperor under the new conditions.

"It is proposed by his majesty and his advisers that the foreign powers should declare a joint protectorate and undertake the task of governing the country through his majesty."

## Ripe for a Change of Tide.

"Weng Tung Ho, who predicts a peaceful acceptance of such a regime, goes on to say:

"Chinese is ripe for change of tide which the reactionaries vainly seek to stem. If it should so be, on the other hand, that the foreign powers seriously contemplate the dismemberment of the Chinese empire, they have before them the huge task of facing dense millions, who, although lacking training and who make but contemptible soldiers, possess boundless powers of passive resistance and would be able to wear out the patience of any European rulers seeking to govern them without regard to their prejudices.

## Could be Conquered Easily.

"The conquest and division of China would be possible with 100,000 troops to retain the government would require 1,000,000 soldiers and centuries of work. The task would end with the most unhappy results for both conquered and conquerors.

"His majesty and his advisers beg American and Japan to pause before resorting to dismemberment, which can be deferred at least until the emperor's efforts to govern his people and to restore the happiness of this great division of the human race have proved abortive. If the people are assured that the powers are guiding and protecting his majesty and do not intend to swallow the country piecemeal, they and the soldiers will return unquestionably to the allegiance from which the empress diverted them."

## Special Train Commandeered.

TEN Tsin, June 11.—The captain in charge of the British forces here commandeered a third special train yesterday and a fourth to-day for the transport of 213 Russians and two guns and sixty-two French marines, with stores and one gun for the British.

The international forces are near Lung Fong, forty miles from Peking, but it is doubtful if they reach the capital before Tuesday.

## Acting Under British Orders.

LONDON, June 11.—A special dispatch from Shanghai, dated to-day, says:

"All the naval forces, except the Russians, are acting under the orders of the British admiral. It is reported

that the head of a foreigner has been seen exposed on a pole north of Tien Tsin. The Chinese are fleeing from Peking and Tien Tsin to Shanghai.

"There are ominous indications of outbreaks in the Yang Tze district. All classes of natives in the north display intense hostility toward foreigners; and the Chinese soldiers point their guns at foreigners as they pass."

## BOXERS MORE HOSTILE.

Powers Preparing For Demonstration—Uncle Sam in Line—Troops Marching to Peking.

LONDON, June 12, 3 a. m.—The last message out of Peking to reach London left there yesterday morning at 11 o'clock, going by way of the Russian telegraph through Manchuria, the Tien Tsin line being cut. It is as follows:

"General Tung, a Mohammedan, extremely hostile to foreigners, arrived here this morning and had a long audience with Prince Tuan, father of the heir apparent, who is seemingly friendly to the boxers. Prince Tuan has been appointed chief of the foreign office over Prince Ching, who is more friendly toward the foreigners.

"The dispatch of more marines was in response to a telegram from the ministers to the consuls at Tien Tsin for additional troops, conveyances have left Peking to meet the troops coming by the first train.

## Christians Strongly Barricaded.

"The arrival of the empress dowager has rendered the city somewhat more quiet than it had been recently. The protestants have erected a barricade before the building in which they have taken refuge and they have a small guard. The Catholics are concentrated north of the Cathedral under the protection of a French guard of twenty-five men, who will hold out to the end. I am convinced that Peking, especially the Tartar city, is safe. At Tien Tsin the viceroys finally consented to furnish transport for a relief force of four hundred under an American commander. The partial restoration of the railway is expected to be effected by to-morrow. More massacres of Christians are reported.

## Buying Canned Provisions.

"Shanghai under to-day's date, cables that there have been street fights in Peking since early Sunday forenoon. The Russians are making large purchases of canned provisions at Shanghai and everything points to an outbreak of hostilities. All British missionaries will probably be expected to return quietly to treaty ports."

The Shanghai correspondent of the Daily Telegraph in a dispatch dated yesterday, at 1:40 p. m., says:

"Reports from Yun Nan-Fu district says that the French minister has telegraphed that a crisis is imminent and that he is advising all foreigners to evacuate Yun Nan."

## Troops Approaching the City.

All the telegrams indicate that the situation has not in the least improved. On the contrary the disorder has spread from the neighborhood of Peking to the capital itself, which is growing turbulent in anti-foreign demonstrations. In addition to the burning of the Peking club, the secretary of the Belgian legation has been roughly handled in the streets. Hostile crowds continue to demonstrate against the legations. Two thousand international troops are approaching the city and the advance guard is due to arrive to-day (Tuesday).

## Missionaries Flee From Ting Chu.

BOSTON, June 11.—The American board of commissioners for foreign missions has received a cablegram from Peking City, dated yesterday, confirming the press dispatches that Tung Cho has been abandoned by the missionaries and the missionaries are safe at Peking, but that the native converts have been massacred and scattered. There were sixteen missionaries at Tung Cho, nineteen native helpers, 213 native communicants, 300 native adherents and 450 Sunday school members. The total number of pupils in the educational department of Tung Cho were 220. Of the sixteen missionaries, four or five are known to be in this country on furloughs.

## LYNCH ELECTED

To the Presidency of the International Typographical Union.

INDIANAPOLIS, Ind., June 11.—The official count of the ballots cast for officers of the International Typographical Union has been completed for the first half of the ticket. The count shows:

For president—S. B. Donnelly, New York, 9,660; James M. Lynch, Syracuse, 14,143.

For vice-president—C. E. Hawkes, Chicago, 10,560; J. A. Hays, Minneapolis, 9,664; S. L. Leffingwell, Indianapolis, 2,557.

Secretary-Treasurer—J. W. Bramwood, Denver, 20,237.

## MEMBER OF ASSOCIATED PRESS

Is Not a Property Which Can be Taxed.

DENVER, Colo., June 11.—The state court of appeals to-day decided that a membership in or a contract with the Associated Press is not a "property" which can be taxed. The suit was brought by the Rocky Mountain News on behalf of the papers in the city using the service, to prevent the assessment of the Associated Press franchise of \$25,000. The decision of the lower court that it was not a taxable property is affirmed.

## Both Were Drowned.

LOUISVILLE, Ky., June 11.—Miss Lily McAtee and Sherman Morris, of Louisville, each seventeen years of age, were drowned in the Ohio river to-day at Fern Grove, fifteen miles above this city. They were attending a picnic, and with another couple took a boat ride. While the couples were trying to exchange seats in the boat Miss McAtee fell overboard. Morris, who attempted to save her, was pulled down with her, and both were drowned.

## ALL KILLED WOUNDED OR PRISONERS.

Terrible Defeat Overtakes a Battalion of the English Derbyshire Regiment at Battle of Moodeval.

## A LOSS OF SEVEN HUNDRED

Boers Claim Another Victory in the South of the Free State—English Expect to Soon End the War.

LONDON, June 11.—Lieut.-General Sir Frederick Forster-Walker, in command of the lines of communication in South Africa, reports that in the disaster to the British troops, June 7, at Roodeval, where the Boers cut Lord Roberts' line of communication, the Fourth battalion of the Derbyshire regiment were all killed, wounded or made prisoners, except six enlisted men. Two officers and fifteen men were killed and five officers and seventy-two men were wounded, many of them severely.

The Boers returned the wounded to the British. The officers killed were Lieut.-Colonel Baird-Douglas and Lieut. Hawley. The wounded include Col. Wilkinson and Lieut. Blanchard, of the Canadian infantry.

## Fifty Thousand British Marching On

LONDON, June 12.—3:30 a. m.—Fifty thousand British troops are within half a hundred miles of the marauding Boers north of Kroonstad, and they are expected, of course, to make short work of them. Nevertheless, outside of the slender war office telegrams, no one knows what is going on.

South of Kroonstad there is a wide gap. The railway is only partially defended, and, as General Kelly-Kenny has hurried all the available troops northward, the assumption is that there is danger of a second raid. The loss of the Derbyshire is estimated at from 600 to 700 men.

A Reuter dispatch from Maseru, dated June 11, 8:35 p. m., says:

"Fifteen hundred Boers surrendered to General Brabant to-day in the Ficksburg district."

## Machadodorp the Capital.

Machadodorp has been officially proclaimed the capital of the Transvaal. A Lourenzo Marques dispatch says that the village has swollen into a small city, the majority of the new inhabitants living in tents.

An official Boer telegram asserts that the British have been defeated with considerable loss at Denkerspoort, in the southern extremity of the Free State of Orange river colony, ten miles from Norvala Point. It was thought that this district had been cleared of Boers and rebels long ago.

The Boers still cling to Laing's Nek, but General Buller's forces are still working far around in that direction.

## WASHINGTON GOSSIP.

Senators and Congressmen All Leaving for Home—Captain Dovenor Looking Out for Constituent's Interests.

Special Dispatch to the Intelligencer.

WASHINGTON, June 11.—Before leaving for home Representative Dovenor received notice of the following appointments of postmasters, made upon his recommendation: W. E. Jones, Smithton, Doddridge county; T. J. Evans, Balls, Marshall county; Richard E. King, Reynoldsville, Harrison county.

Captain and Mrs. Dovenor are doubtless now in Wheeling, as they left here for that city last night.

Senator Elkins has gone with his family to his country home at Elkins. Hon. Harvey A. Harmer, census supervisor for the first West Virginia district, was here to-day on business, with the bureau under which he is serving. He left for home to-night.

Miss Estelle Fleming, of Shinnston, has passed the examination requisite to appointment in the census bureau, and upon the recommendation of Senator Elkins, will soon be given a position.

## Gen. Otis Leaves for West Point.

WASHINGTON, June 11.—General Elwell S. Otis left here on the 11:30 o'clock train to-night over the Pennsylvania railroad for West Point, to attend the closing exercises of the academy. His aides de camp, Captain Fred W. Slayden and Lieutenant D. Stanley accompanying him, together with Col. Thomas H. Barry, representing the adjutant general's office. The party will return here Wednesday night or Thursday morning. Thursday night, General Otis leaves for Rochester, where elaborate plans for his home-coming have been made.

## Decided in Sampson's Favor.

WASHINGTON, June 11.—The court of claims decided to-day that the crew of the United States Steamship Fern are entitled to a share in the distribution of the bounty money which is to be paid by the government for the destruction of Cervera's fleet. The court held that the Fern was within signaling distance, and was capable of rendering assistance at any moment during the battle. The case was contested by the attorneys for Admiral Sampson and others.

## Diamond Robber Caught.

Special Dispatch to the Intelligencer. NEW MARTINSVILLE, W. Va., June 11.—A young diamond robber, while attempting to take a lady's dress to get her pocketbook, was caught, together with two pals. They came in on the steamer Ruth.

## CAR STRIKE TAME

Compared With the Outrages Sunday—Troops Not Called Out—Ten Fatalities to Date—Gompers May Take a Hand.

ST. LOUIS, Mo., June 11.—The fifth week of the street car strike opened tamely, when compared with yesterday's reign of terror.

With one exception all the street car lines were in operation. Each car carried the usual guard of police officers. On some lines, running through the unruly districts, the number was doubled. Squads and companies of the sheriff's posse men were on duty at all the power houses and car sheds of the Transit company and at the barracks on Washington avenue, where yesterday's shooting affray took place.

Governor Stephens, who is in Jefferson City, had up to 11 o'clock, taken no action in regard to calling out the militia.

Everything is in readiness, however, for the calling of this force into active service, and the 2,500 men composing it can be mobilized in a short time.

## Troops Not Needed Just Yet.

Chief of Police Campbell, who, on Saturday, expressed the opinion that the state troops should be called out, has changed his mind. He said to-day:

"I don't think I would recommend that the state troops be called upon just yet. The developments of yesterday, I think, show that we are able to handle the situation. There were a great many people shot and several killed. I deeply deplore the necessity for such action, but it only shows that our force is equal to almost any occasion. A meeting of the police board will be held to-day, to consider the advisability of calling on the governor for the militia, but I shall not recommend it until matters grow worse."

## Much Hard Feeling Exists.

There is considerable hard feeling as the result of yesterday's shooting in front of the posse barracks. The deputies are blamed for what some call their unwarranted action in shooting the striking street car men, while the men in the procession are censured for their bravado. Chief Campbell says he recognized among the twenty strikers arrested several to whom he gave a friendly warning earlier in the day to be peaceable. Sheriff Pohlman justifies the action of his deputies, who, he says, did their duty.

Edward Burkhardt, the striking conductor, who was reported to have died last night from his wounds, is still alive, but cannot survive.

## Another Name to the List.

One name has been added to the list of those wounded yesterday. Jack White, one of the striking street car men who was in the Washington avenue procession, was found to-day, at his home, suffering from a severe buckshot wound.

President W. D. Mahon, of the National Association of Amalgamated Street Railway Employees, who is managing the strike, has wired Samuel Gompers, president of the American Federation of Labor, at Washington, that the "street car men returning from a picnic peaceably and unarmed were fired upon by a sheriff's posse and shot down like dogs. The outrage at Hazelton melts into insignificance in comparison. This outrage should be denounced in no uncertain terms by the organized wage-earners of America."

A recapitulation of the strike, which has now been on one month and three days, shows ten fatalities and at least fifty persons wounded.

## Statement by President Mahon.

President Mahon made a statement regarding yesterday's shooting, in which he said:

"I denounce it in the most unqualified terms. Investigation shows that not one shot was fired by the railway men. This outrage will be resented by organized labor, not alone in St. Louis, but throughout America. We will stand by our demands all the more since this affair, and contest the struggle to the bitter end."

A circular has been issued by a number of labor leaders for a mass meeting to be held to-night. It calls on "all good and law-abiding citizens to protest against the atrocious crimes and outrages committed in the name of the law by armed men styling themselves deputy sheriffs."

Coroner Lloyd will hold inquests to-morrow over the remains of the victims of yesterday's shooting, to determine the responsibility.

## To Ferret Out the Havana Scandal.

INDIANAPOLIS, Ind., June 11.—In response to a telegram from Fourth Assistant Postmaster General Bristow, Postoffice Inspector Fletcher will go at once to Havana to assist in investigating the matter of Neely's alleged defalcation and the tangled state of affairs in the postoffice at Havana. Mr. Fletcher has been working on the Indiana end of the affair. For more than three years past he has had charge of all the important cases in this division and in every instance has been successful.

## Held Up the Brewers.

ST. PAUL, Minn., June 11.—In broad daylight to-day, two men entered the office of the Anheuser-Busch Brewing Company, in this city, held the office force quiet with leveled revolvers and rifled the safe. They attempted to escape, but were followed by a number of brewery employees, and after a desperate fight with policemen both were captured. The authorities say they are Jim Regan and George Balfour, but the men gave their names as George Dixon and George Ralford. Dixon was badly injured in the fight. Most of the money was recovered.

## Three Murdered.

WEST NEWFIELD, Me., June 11.—George W. Goodwin and three members of his household were murdered last night, and the house in which they lived set on fire by the murderer, whose motive was probably robbery.

## THE OHIO DEMOCRATS GUESSING.

Brother-in-Law McLean Refuses to Attend a Convention That Will Probably Endorse

## DEWEY FOR VICE-PRESIDENT.

They Claim the Admiral Will Accept—Headquarters May be in Columbus—Convention Has No Life.

COLUMBUS, O., June 11.—The Democratic state convention, which begins here to-morrow, follows the reception to Admiral Dewey, of last week. It was at one time proposed to have Admiral Dewey here during the convention, or rather to hold the convention last week, while he was here, but some of the subscribers to the Dewey celebration fund objected and the plan was abandoned. The Dewey decorations, exterior and interior, however, still remain all over the city.

## Large Portraits of Dewey Displayed.

The hotels have large portraits of Dewey displayed and none of the Democratic heroes except Bryan. The Democratic hustlers point to the portraits of the hero of Manila as the man for the second place on the national ticket and there is much talk about Bryan and Dewey being nominated at Kansas City on the same ticket. During this agitation for Bryan and Dewey as the coming men for the national ticket, there is one man wanted here above all others at this time, and that man is John R. McLean, the last Democratic candidate for governor, and the acknowledged leader of the Ohio Democracy.

## John Refuses to Attend.

But all telegraphic calls for McLean fail to get a favorable response. He has announced that he must sail for Europe with his family next Saturday morning, from New York, and that he cannot attend the convention in Columbus this week and get ready for his foreign engagements. He says, furthermore, that he cannot return in time to attend the national convention in Kansas City, three weeks hence. He would be placed at the head of the Ohio delegation to Kansas City, if he would give a single word of consent, but he declines absolutely.

## Will Assist the Hero of Manila Bay.

As he is a brother-in-law of Admiral Dewey, his friends say that he does not want to appear in the role of family preferences, but they insist that if Admiral Dewey is put on the ticket with Bryan without his personal efforts that he will return from Europe at once and devote himself exclusively to the campaign in the interest of Bryan and Dewey.

## Making Many Boasts.

There is a movement to have the national Democratic headquarters located in Columbus, with a view to "giving Chairman Hanna all he wants to look after at home," but whether or not this succeeds, it is claimed that Bryan, as well as Dewey, will be taken all over Ohio in special trains and the delegates claim they could carry their Ohio state ticket with Bryan and Dewey and elect a majority of the congressmen.

All who are agitating Bryan and Dewey as the ticket think there is no doubt about the admiral accepting. There is a diversity of opinion as to whether this convention should take the initial step in endorsing Dewey as well as Bryan for the national ticket.

## DIRECTOR BIGELOW OUSTED

From the Department of Public Works of Pittsburgh.

PITTSBURGH, Pa., June 11.—The culmination of the fight in city politics which has been on for the past six months between Senator William Flinn and E. M. Bigelow, director of the department of public works, came to-day at a joint meeting of councils when Mr. Bigelow's office was declared vacant by a vote of 63 to 21. George W. Wilson, the present director of the department of charities, was chosen as his successor. The resolution presented in councils calling for the ousting of Director Bigelow was based on the report of the finance committee, which held that the director was responsible for the defalcation of Samuel T. Paisley, superintendent of highways, in that he was negligent in his supervision of Paisley's accounts. The committee reported that Paisley had defrauded the city out of over \$52,000 by padding pay rolls. Mr. Bigelow's attorneys say councils had not the authority to oust him without trial and the director's friends say he will continue in office until legally relieved. A big legal battle may follow.

Later—Mr. Bigelow left his office for home, saying he would not return until the law or people required him to. It is probable injunction proceedings will be begun in the morning to restrain Mr. Wilson from officiating as director. City Hall to-night is in the possession of Mr. Bigelow's successor, with policemen on guard to prevent possible invasion by the deposed official.

## Will Still Freeze to Silver.

CHICAGO, June 11.—Senator James K. Jones, chairman of the Democratic national committee, arrived in Chicago to-day and will be here several days looking over the preliminary work of the coming presidential campaign. Wednesday William J. Bryan will meet Senator Jones here for a final conference before the Kansas City convention. Senator Jones said:

"There is absolutely no truth in the

report that I will endeavor to persuade Mr. Bryan to consent to the dropping of the 16 to 1 plank from the platform this year. There will be no abandonment of any issue of the Chicago platform."

## DISMAL FAILURE

Was the Reception Accorded Judge Holt at His Home by the Democracy—Their Ardor Wilted.

Special Dispatch to the Intelligencer. HUNTINGTON, W. Va., June 11.—

The local Democracy had it in mind this evening to extend a great reception to Hon. John H. Holt, the Democratic candidate for governor, upon his return to this city. They should have done so after a manner which would have indicated that heart and soul they were for their fellow townsman. Many Republicans as a matter of personal pride and with a will to show honor to a distinguished fellow citizen, turned out and aided in swelling the crowd to considerable proportions, but still it could have been numbered by three figures, and the first one would not have represented a large enough coin with which to pay a man for a couple of McKinley day's work.

## Democrats Few in Number.

The dismal failure which it was, simply shows that Democrats are much fewer than formerly and that their enthusiasm is fearfully wilted. Everybody likes Judge Holt, but, said a Democrat as the band marched by, this is not the year to talk about changing affairs from a political standpoint. Mr. Holt is respected at home by Democrats and Republicans alike, but Cabell county people will give a big majority in November for the combination of present conditions, with that matchless and fearless champion, Hon. Albert B. White, at the head of the Republican state ticket. This county, once the Gibraltar of Democracy, will give a proper account of herself.

## VIGOROUS FIGHT

For the Republican Congressional Nomination in the Fourth District—All Claim it.

Special Dispatch to the Intelligencer. PARKERSBURG, W. Va., June 11.—

Republicans in large numbers passed through here to-day and to-night en route to Point Pleasant, to attend the Fourth congressional district convention there to-morrow. The fight for the nomination will be very vigorous, and it is possible that several ballots will be secured before a result is reached.

Congressman Freer expects to enter the convention with ninety votes.

Hughes claims the leadership on the first ballot, but there was considerable betting here to-day that Woodyard would lead Hughes. With Kendall out, Wood county will cast the bulk of its vote for Freer, while Ritchie will cast its solid vote for the congressman.

## Plenty of Freer Shouters.

Freer "shouters" by the score accompany both the Wood and Ritchie delegations and Woodyard's "rooters" by the hundred went down from Roane. A big fight will be made on the admission of proxies, and upon the result will depend the nomination.

## GOVERNOR SHAW HURT

In a Railroad Wreck—One Engineer Was Killed.

DES MOINES, Iowa, June 11.—The east-bound passenger train on the Chicago & Northwestern, as it was pulling out of the station to-night, collided with a special passenger train coming in. Engineer Thomas Smith was killed, but the other engineer and both firemen jumped, and were not hurt. Both engines were demolished, but the cars remained on the track. Some of the passengers were seriously injured. Governor or Shaw was on the outgoing train, bound for Chicago and Philadelphia, and received a cut on the temple and a bruised arm, but was able to go home. He expects to resume his journey to-morrow. Mrs. B. F. Jones, of Ames, was also slightly bruised.

## Fatal Fight on Italian Bark.

PENSACOLA, Fla., June 11.—As the result of a fight on board the Italian bark Pieta, in Port here, G. Scott, the first mate, is dead; seaman Rafael Pisano is fatally and Captain Mazela and another seaman slightly wounded. Pisano went on deck after shore leave, apparently with the determination to exterminate the whole crew. He first assaulted the mate with a dirk and then turned on the captain, and in doing so was shot by the mate.

## Dewey Still Visiting.

GRAND RAPIDS, Mich., June 11.—Admiral Dewey's special train arrived at 1:30 p. m. Admiral and Mrs. Dewey were escorted to a hotel, where they will rest quietly until the public reception in the city hall this evening.

## Movements of Steamships.

SOUTHAMPTON—Arrived: Steamer Kaiser Wilhelm der Grosse, New York, via Cherbourg, for Bremen, (and proceeded.)

PLYMOUTH—Arrived: Steamer Pennsylvania, New York for Cherbourg and Hamburg, and proceeded.

GIBRALTAR—Arrived: Steamer Kaiser Wilhelm II., New York for Naples and Genoa, and proceeded.

## Weather Forecast for To-day.

## Local Temperature.
